Tasting Notes

Earthy black and blue fruit, spices, and petrichor mingle in the glass alongside aromas of sweet wood, Herbs de Provence, roasted game, and notes of crushed graphite. Mouth watering acidity meets plush California fruit on the palate displaying a stylistic synthesis between those famous wines of the Northern Rhone wines and new world palate drenching vivacity. Rich and complex layers of berry fruit meets dusty tanned leather, cocoa, and cigar box, rich fruit colliding with all things savory and herbaceous. At risk of saying too much about this wine, its broad appeal will become evident at one's first sip.
